Client's Web Site Goals

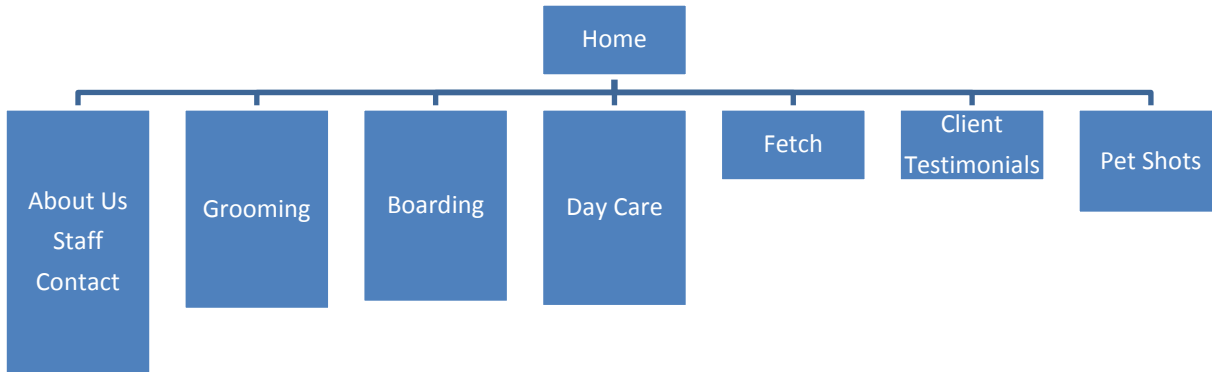

Pampered Pups has a casual, fun-loving atmosphere and style. I mean, we play with dogs all day! How can we not be about fun?

I'd like my Web site to reflect that style. The design should be simple and bold, with fresh-looking colors. Yes, I want color, but I don't want color to compete with the readability of the text. It's important that the information is well organized on the page and easy to read. I'd rather have information spread over multiple pages, than have to scroll all the way down one long page.

Obviously, each page should have at least one picture of a dog as part of the design. I can't wait to see what you come up with for our new Web site!

About Us, Staff, Contact

Owner/Operator – Dee Ramos

Ever since I was a kid, dogs have been some of my best friends. I grew up helping my Aunt Maria in her dog grooming salon, The Clip-n-Fluff. It was only natural that this love for pets would develop into my life's work. After college, I managed a local veterinary clinic for six years, until 2003, when my aunt was getting ready to retire and wanted me to take over her business. I saw the need for a place where dogs of every breed and size could play and get some TLC while their families were at work or out of town. And so, that year, Pampered Pups was born. We've been pampering dogs ever since, and they haven't stopped wagging their tails!

Pampered Pups is just as popular with owners as it is with their pets. Our services and hours are tailored to meet the needs of busy pet owners who want their “best friends” treated with the affection and care they get at home. Come see for yourself. Stop in for a visit, and bring your dog along with you.

Day Care

Drop off your dog for a day of play and fun. What is your dog doing while you're away at work all day? Dogs thrive on human attention. It's why we like to have them around.

Unfortunately, many dogs don't understand that we have to leave them for work and school and other things in life. They can get upset and act out in retaliation, or turn gloomy and grumpy. Excessive licking, chewing, digging, barking and more can be signs that your dog is just plain bored with life.

Doggie Daycare is an excellent opportunity for socialization of your dog with other dogs of all shapes, sizes and ages. Your dog will get a chance to play hard while interacting with other dogs and our daycare staff. Every day is filled with stimulating play and a little quiet time for resting.

At the end of the day, your dog will welcome you with a happy outlook and be ready to socialize with the family in a healthy way. Also, Doggie Daycare is a great way for those HIGH ENERGY dogs to expend their energy, rather than having it bottled up all day by staying home in a kennel or just not having any interaction while you are away or at work.

Day care is open Monday-Friday from 8 am – 5 pm.

Boarding Room

Our boarding rooms have been designed for your dog's health and safety. Each dog room has sealed epoxy floors, solid walls on three sides, and an iron gate on the front. You won't have to worry about another dog next door that might intimidate your dog or contaminate your pet's room. While your dog stays with us, it will be taken out of its room and walked twice a day. During that time, we'll clean and sterilize the room. We make sure the water dish is always fresh and we feed twice a day. You can bring your pet's regular food for us to give, or we'll provide the food.

Clients – Testimonials

Our customers are doing some tail wagging of their own! Here's what some have had to say.

"I have been coming to this kennel for 27 years and would not go anywhere else. My chihuahua loves Terry and doesn't mind staying. I never worry because they are very caring and knowledgeable and I know he gets good care because he likes to go there. He thinks he is part of their family!!!

-Bob & Kitti Hutchinson & Fast Freddy, Plant City, FL

"Was recommended to you by vet. The animals are well taken care of. Property is secure (which is an issue to me), clean. My dogs don't have a problem going there at all. Just keep doing what you are doing. I'm very happy!

-Lisa Miller, Brandon, FL

"Have been using your grooming, boarding services since 1988 and wouldn't consider going anywhere else. You are the friendliest and most professional - very accommodating."

-Eileen Subko, Seffner, FL
